

**Memorandum**

Thursday, September 25, 2008

**To:** Doug Kelley**From:** Michael Lamm **Subject:** Reply to TD/MSD Employee Grassroots Safety Committee minutes of August 29, 2008

Thank you for sending me the last Grassroots Safety Committee minutes. The new safety concerns dealt with bicycles.

- It was reported that a bicycle was locked up to a natural gas pipe at the north east end of IB2.
  - The person was contacted and the bike was relocated.
  - Purchasing of a bicycle rack is in process to accommodate all bicycles in the industrial complex.
